Correction to: Communications Physics https://doi.org/10.1038/s42005-023-01409-4, published online 13 October 2023

The author surname in the bibliographic reference [27] was incorrect in the original version of the article. This has now been corrected.

The word “concept” in the “author contribution statement” has been replaced with the word “experiments”.

Both corrections have been applied to the HTML and PDF version of the article.
